Kindergarten Unit 1 worksheet: Counting out a given number of objects (answer key)

ANSWERS AT A GLANCE

1. 4 boxes colored, 3 boxes left white.
2. 8 stars circled, 4 stars not circled.
3. 5 lines, from 5 leaves. 3 leaves have no line.
4. No. Lily circled 6 trees, not 4.

WORKED SOLUTIONS

1. Color 4 boxes.

ANSWER

4 boxes colored, 3 boxes left white.

SOLUTION

Count as you color: one, two, three, four. Stop at four, even though more boxes are left.

4 boxes are colored and 3 boxes stay white.

2. Circle 8 stars.

ANSWER

8 stars circled, 4 stars not circled.

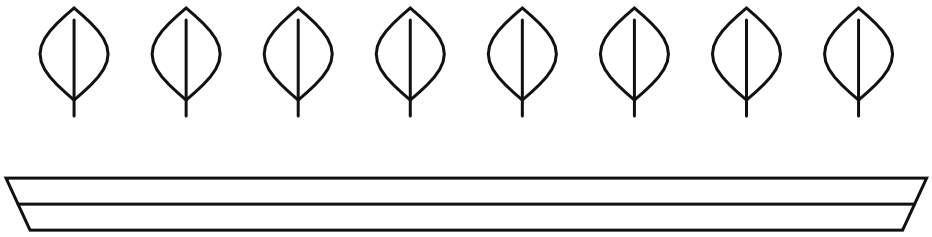

SOLUTION

Touch each star once and say one word for it: one, two, three, up to eight. Circle each star as you say its word.

Stop at eight. 8 stars are circled and 4 stars are left.

3. Draw a line from 5 leaves to the basket.

ANSWER

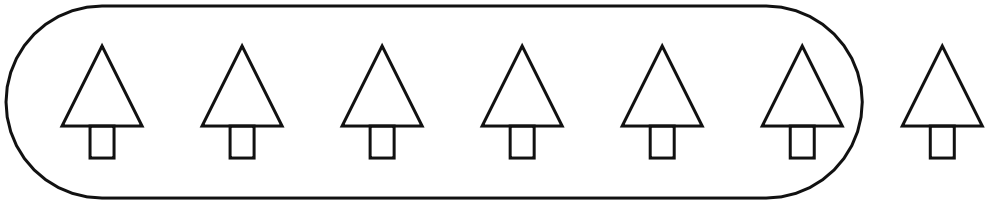

5 lines, from 5 leaves. 3 leaves have no line.

SOLUTION

Each line puts one leaf in the basket. Say one word for each line: one, two, three, four, five.

Stop at five. 5 leaves go in the basket and 3 leaves stay out.

4. Lily had to circle 4 trees. Is she right?

yes no

ANSWER

No. Lily circled 6 trees, not 4.

SOLUTION

Count the trees inside her loop: one, two, three, four, five, six. She circled 6 trees.

She kept counting past four. She should stop at four, so 4 trees are in the loop.
